MATERIAL SAFETY DATA SHEETS (MSDS)

Licensed facilities are required to have MSDS sheets for any product which comes in direct contact with a client.

MSDS sheets may be obtained from your distributor or from the manufacturer directly.

MSDS sheets must be kept in a place that is accessible to everyone in the facility. All employees need to be informed of where the MSDS sheets are located.

You are not required to have MSDS sheets for cleaning, sanitation, or disinfecting products as these do not come in direct contact with a client.

The following is a **partial** list of products that require an MSDS sheet:

SHAMPOO	LIQUID MONOMER
CONDITIONER	ACRYLIC POWDER
HAIRSPRAY	GEL
CREAM	NAIL POLISH
GEL	ACETONE
MOUSSE	PRIMER
FIXATIVES	MAKE UP
TALC POWDER	WAX/HAIR REMOVAL PRODUCT
PERMS	SKIN CARE PRODUCTS
ANY COLOR PRODUCT	

The above is a partial listing. You must ensure you have the MSDS for any product that directly touches a client.

A fine will be imposed for any product in the facility without the required MSDS sheet available.
